

Using Zeemaps to Share Information

Students will create a block of information about one of their role models and add it to a common shared map for the class.

Instructions:

A. **Right-click** on the IT Camp 2016 Zeemap link and open in a new window:

<https://www.zeemaps.com/map?group=2095205>

B. To add an entry about your role model:

1. Click on the **Additions** tab.
2. Choose **Add Marker – Detailed**
 - a. For **Location** tab,
 - i. **Entry Name:** Enter your role model's name.
 - ii. **Location:** Click a location on the map where this person lives or works (or you can type in city name).
 - iii. **Marker:** Pick a color for your marker.
 - b. For **Details** tab,
 - i. **Description:** Include *[your name]* in brackets.
 1. Write one sentence about your role model.
 2. Write one-two sentences about *why* this person is your role model.
 - ii. **Email, Phone:** leave blank
 - iii. **Website:** If your role model has a website, enter the URL here.
 - c. For **Media** tab,
 - i. **Photo:** Save a photo of your role model to your desktop, and then add that picture here.
 - ii. **Audio:** Add some music or other audio, if you want.
 - iii. **YouTube:** Add a relevant video, if you want.
 - d. Click on **Preview** and make sure it all looks like you want. If it's not ok, edit your information to fix it.
 - e. Look in lower-left corner for the box that says "Add Entry" and click on the double squares to open the dialog box back up.
 - f. Click on **Submit** when you are ready to post your role model to the group map.

C. Check to see if your entry shows up on the group map by refreshing your browser.

D. Continue to refresh your browser, to see everybody else's submissions so far. See if you can learn
